The Telecommunications Regulatory Authority, pursuant to its authority under the Federal Law by Decree No. 3 of 2003 – Telecom Law & the Executive Order of the Federal Law by Decree No. 3 of 2003 Regarding the Organization of the Telecommunications Sector, herby authorizes the above product for the usage of specified subject to the conditions set out overleaf, attached on the second page.

Date of Issue : 21-Jul-2019
Date of Expiry : 20-Jul-2022
1. The authorized Dealer shall abide by the provisions of the Federal Decree by Law No.3 of 2003, its Executive Order and its Regulatory Framework.

2. The Equipment shall comply with all specifications (standards, spectrum, software versions, etc.) as authorized by the TRA.

3. The authorized Dealer shall apply for the renewal of the certificate one month before its expiry. In case, the authorized user fails to apply for renewal of the certificate, extra charges addition to the renewal fees may be applied when the certificate expires. The type approval certificate cannot be renewed after 45 days of expiry.

4. The authorized Dealer shall maintain an up-to-date record of a list of the authorized Equipment’s including the location of the stations, the manufacturer of the Equipment, model, serial number, frequencies, output power, date of purchase, and date of the disposal of the Equipment. Upon receiving any order from the TRA, the certificate shall be submitted to the TRA.

5. The type approval certificate cannot be transferred to third party.

6. At its sole discretion, the TRA reserves the right for its representatives to inspect, examine or test the Equipment. No person shall represent the TRA from carrying out this inspection.

7. During the validity period of the certificate or at renewal, the TRA reserves the right to make any modifications or changes to the certificate including these terms and conditions.

8. No authorized user shall:
   - Violate any copyright or intellectual property rights, which may exist in the content of the matters, sent or received.
   - Send false distress signals or any misleading messages.
   - Use the Equipment as specified in this certificate for purposes other than what has been authorized.

9. This certificate is issued for the specific model, type, and software and hardware versions of the Equipment that was submitted for approval.

10. The Authority may make variations, or amend or abolish the granted approvals at any time and for any reasons, as it deems necessary, if the Authority announces that.

11. The Authority may perform any of the following in case any of the Authorized or concerned persons in the type approval breaches the terms and restrictions that the Authorizations were granted upon:
   - Impose a financial fine against the violator.
   - Abolish the issued Certificate.

12. Without prejudice to any applicable criminal penalties, and in the condition where any person who manufactures, uses or offers for sale, supplies or uses Telecommunication Equipment which has not been approved by the Authority, or in case the Authorized or concerned persons violate the technical specifications and standards issued by the Authority relevant to the Telecommunications Equipment, the Authority may take any of the following actions:
   - Serve a warning to the violator to modify or change the concerned Telecommunications Equipment to be compatible with the applicable specifications.
   - Serve a warning to the violator to handover or destroy all the concerned Telecommunications Equipment.
   - Request from the relevant police authority to seize and detain all such Telecommunication Equipment.
   - Request from the customs authorities to keep in custody all such Telecommunication Equipment which falls under its control.
   - Issue an order to the violator to promptly and immediately dismantle the concerned Telecommunication Equipment from the Telecommunication Network, provided that the Authority may seek the assistance of the relevant police authorities in this regard if necessary; and
   - Any other procedure that commensurate with the nature of the violation after obtaining approval from the Supreme Committee.

13. Without prejudice to any applicable criminal penalties, where a person fails to submit Telecommunication Apparatus for testing and assessment, or prevents any employee or personnel or any other authorized person by the Authority from entering his premises, the Authority may - after serving a warning take any of the following procedures:
   - Revoke the Authorization for the concerned Telecommunication Equipment.
   - Notify him to handover or to damage the concerned Telecommunication Equipment.

14. The Dealer, and by requesting the authorization from TRA, must commit to conform to the following:
   - Accept responsibility for any harm, injury or loss attributed to its possession or use of the equipment.
   - Accept responsibility to discontinue importation and sale, and replace all the equipment already on the market, in case of defects in the equipment resulting in unacceptable performance.
   - Inform the Commission of any desired modifications to the equipment before importing to obtain Commission approval.
   - Conform to any additional directions issued by the Commission until the procedure and standard specifications associated with the new Type Approval Regimes are in effect.
